

This is to certify that
Ark Datacentres Ltd

Spring Park, Westwells Rd, Corsham, SN13 9GB

Has been assessed
by Yousef Abdulrahman for NCC Group PLC
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials PLUS

Scope: Ark Datacentres Ltd External Infrastructure and Workstations.

Certification date: April 23rd, 2020

Recommended re-assessment date: **April 22nd, 2021**

Certificate no.: 1794609652332161

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
